MLGES has a Health and Fitness room for students and staff to assist in practicing and maintaining an active lifestyle. The room is equipped with several fun items, including a treadmill, glider, abdominal lounger, back glider, bike, weight bench, and more. It also contains an information section with facts on Diabetes, Hypertension, Heart attacks, strokes, Men's wellness, Women's wellness, immunizations, lice, and many other areas of concern. The Fitness room has videos on Pilates, Yoga, aerobics and many new dance exercise routines. Come check us out.

PTO

By: Katlynn Christoforo

Tina Bense, our PTO President, will be planning a winter carnival at the next PTO meeting. There are about four meetings a year. The PTO does many wonderful things for our school and the teachers. They raise money for the school, provide refreshments for different events, and provide incentives for the faculty and staff. They help whenever they can, so try to participate and help the PTO raise money!

Ask the Bulldog

Dear Bulldog,

There is this new girl in my class, and I have been playing with her a lot. My best friend keeps saying that she's stealing me away from her. I really want the new girl to feel welcome, but I don't want my best friend to feel that way. What should I do?

Signed,

Confused

Dear Confused,

If I were you, I would show your best friend that the new girl is just trying to make new friends-not trying to take you away from her. Introduce the new girl to your best friend and just maybe you all will start playing together.

Team Victoria

By Hannah McBride and
Caroline White

Team Victoria is a part of the Buddy Walk. The Buddy Walk helps support kids and adults with all disabilities. We interviewed Victoria's teacher, Mrs. D. Blount on what Victoria likes to do in school. She likes to sing and dance with her friends, read books, and play on the playground. Victoria's teacher Mrs. D. Blount says that everyone should treat Victoria and all other people with disabilities just the same as we would treat others. They are just the same as us. They just have a different look.
